Achieve More™

Through Every Step of the MPL Insurance Lifecycle

Streamline Operations

Focus more time on high-value work

- Support Groups, Facilities, Allied Health Professionals, Vicarious Liability, Slots and Locum Tenens within a single policy structure.
- Enhance application intake with **ISI AI**, and then route tasks and approvals seamlessly across your entire organization.
- Integration with Milliman's Datalytics™ for legal spend and defense counsel management, and other third-party InsurTech ecosystem solutions.

Better Manage Risk

Enhance underwriting precision and better manage exposure

- Rate complex risks with various retroactive dates, shared limits and both automatic and discretionary debits and credits, such as Claims Free and Continuing Medical Education (CME) credits.
- Automatic excess of loss treaty ceding and recovery to manage exposure and optimize cash flow.
- Handle claims-made and occurrence-based coverage at any risk level, limiting claims leakage with automatic claim coverage verification based on a retroactive date (RDIs).

Unlock Insights. Drive Better Decisions

Empower your organization to become data driven

- Unify policy, billing, claims, accounting and reinsurance into a single solution, providing a full view of your organization.
- With built-in analytics, real-time dashboards, and powerful reporting tools, you gain the insights needed to identify trends, prepare board reports, and improve operational performance.
- Integration with Preverity's risk scoring service provides early risk indicators to proactively price risk.

Drive Sustainable Growth

Reduce total cost of ownership without impacting business agility

- Rollout new products and changes quickly to adapt to market shifts and new opportunities.
- Strengthen policyholder and distribution partner loyalty with digital experiences that connect to core systems via **ISI Connect** or quickly launch your own with **ISI Portal**.
- Grow your premium volume with automation and carefully selected risk, not through headcount or disconnected systems.

Through Every Step of the MPL Insurance Lifecycle

Achieve Business Outcomes Faster

Experience a proven path from implementation to impact

- Accelerate time-to-value with a streamlined implementation process, minimizing disruption and accelerating efficiency.
- Achieve long-term budget and support certainty, without the overhead of maintaining systems in-house.
- Leverage a team with more than 17 successful P&C implementations that understands your departmental needs and goals.

Achieve More with ISI AI

Accelerate submission intake and underwriting with purpose-built AI

- Instantly extract applications and supporting attachments to generate quotes faster and reduce manual effort.
- Maintain oversight with a human-in-the-loop review process that allows underwriters to validate AI-generated outputs.
- Deliver underwriting insights that align with your internal guidelines to assess risk more accurately and consistently.

Achieve More with ISI Portal | Launching in January 2026

Enhanced service and fewer inquiries with a new insured and broker portal

- Offer customers the convenience of a self-service portal to view coverage, access documents, report a claim and contact your team.
- Optionally extend the portal to offer quoting, policy issuance and renewal management.

"We selected ISI and ISI Core (formerly ISI Enterprise) for the scalability, flexibility, and adaptability of the platform. The new features and functionality ISI brings to the table mean we can provide even more robust, tailored insurance solutions to our insureds."
